PHYSICIAN PRACTICE CONNECTIONS
PATIENT-CENTERED MEDICAL HOME

PATIENT-CENTERED MEDICAL HOME

What is a “PATIENT-CENTERED MEDICAL HOME”?

A “Patient-Centered Medical Home” (PCMH) is *how* health care is delivered to patients. The medical home team in your doctor’s office manages care and services for you—acting as the “hub” of your care. A medical home can lead to higher quality care for patients, and improved care can lead to lower costs for all of us. PCMH puts the patient at the center of the health care system, and provides primary care that is:

- Accessible
- Continuous
- Comprehensive
- Family-Centered
- Coordinated, and
- Compassionate

Why did Family Physicians, Inc. become a PCMH?

Patient-Centered Medical Home (PCMH) is a major part of our continuous effort to improve quality, safety, and efficiency within our organization. By replacing episodes of care with whole person care, we can help coordinate your long-term health. We believe strongly that providing you with health education and helping you understand your health situation can contribute to better outcomes. Being a PCMH does not affect your insurance coverage in any way. We will provide you enhanced care through same-day appointments and extended hours, and help improve interaction and communication with specialists, other care facilities, and the entire health care team.

YOUR RESPONSIBILITIES ARE:

- To ask questions and be active in your care.
- To provide your health history, symptoms, and other important information, including any changes in your health.

- To inform us whenever there is a problem with a medication you are taking.
- To call our office first with your health concerns unless it is an emergency.
- To inform us whenever you utilize any other health system such as the emergency room or a self-referral to a specialist.
- To have a clear understanding about your treatment goals and future health goals.

OUR RESPONSIBILITIES AS A PCMH ARE:

- To listen to your questions and concerns and to explain disease, treatment, and results in an easy-to-understand way.
- To coordinate your overall care, sending you to trusted specialists if needed.
- To provide you with same-day appointments whenever possible.
- To provide instruction on how to access the care you need when the office is not open.
- To provide clear instructions about your treatment goals and future plans for every visit.
- Address your healthcare needs based on the most recent research on medicine and clinical recommendation regardless of type of insurance.

How do you contact your MEDICAL HOME?

You can contact your Medical Home Team to directly arrange an appointment or to discuss your health care needs by calling **330-494-7099**

We are closed on most major holidays and Sundays. Outside of normal clinic hours, for urgent matters you can still call 330-494-7099 and our call service will call you back.

It will be necessary for you (or someone else involved in your care) to let the Medical Home Team know if you have been seen by another provider. This will allow us to continue to coordinate your healthcare needs.

Our “Patient Portal” also allows you to electronically communicate with your health Care team and to receive electronic reminders and messages about your personal conditions.

Family Physicians, Inc.
Financial Policy

In order for our office to deliver the quality of care that you are accustomed to, we have established financial policies.

PLEASE READ ALL INFORMATION AND ACKNOWLEDGE BY SIGNING BELOW.

1. We ask that you present your insurance card(s) at each visit. It is your responsibility to provide us the correct information to bill your insurance.
2. If you have a change of address, telephone numbers, or employer, please notify the receptionist.
3. We will collect your co-payment, charges from previous visits, and charges for non-covered services at the time of your visit. We accept cash, checks, and Visa, MasterCard, Discover, AMEX and debit cards.
4. Your account will be charged a fee for returned checks for non-sufficient funds.
5. By Federal Law and Managed Care Contract law, this office is required to collect co-payments at the time of service. If you do not pay your co-payment you will be charged a delinquent co-payment fee.
6. If your insurance denies our charges or does not pay us in a timely manner, you will be responsible for the charges.
7. If your account becomes delinquent we reserve the right to refer your account to a collection agency and report it to a credit bureau. If you are referred to a collection agency you and your family will be dismissed from the practice.
8. **MEDICARE PATIENTS:** We are participating providers with Medicare and will bill Medicare for all of your covered charges. We will also bill any secondary insurance you may have. If payment is not received from your secondary insurance within 30 days of being submitted, we will bill you for the balance due. If you do not have a secondary insurance, any remaining balance will be your responsibility. Each year you will be expected to pay the allowed amount of your charges until your Medicare deductible is met.
9. **HMO-PPO PATIENTS:** If we participate with your plan, we will bill your insurance for you. If your plan requires you to choose a primary care physician, it is your responsibility to notify your plan. If your plan requires you to have an authorization to see a specialist you will need to obtain that from our office prior to seeing the specialist. No retroactive referrals will be given. If we do not participate with your plan, we will attempt to bill your insurance. Any amount remaining from your out-of-network benefits will be your responsibility to pay.
10. **SELF-PAY PATIENTS:** Patients with no insurance will be expected to pay at the time of service. If you are not able to pay in full, you will need to contact our billing department to discuss payment arrangements prior to being seen.
11. **MEDICAID PATIENTS:** We are contracted with traditional Medicaid and some Medicaid HMO plans. If we are contracted with your plan we will submit your claims. If we are not contracted with your plan we will not submit your claim and you will be considered self-pay and are liable for payment of all services provided. Services may be a covered Medicaid service and other providers may render the service at no cost to you. In the future if you choose to utilize your Medicaid plan you agree to transfer care to a Medicaid provider. Patients that miss an appointment will be discharged from the practice.
12. When an appointment is scheduled with the physician, time is specifically allocated for you. When an appointment is not canceled in advance we consider this a "no show". We understand there may be times when you are unable to keep an appointment, but we ask the courtesy of a phone call to cancel your appointment at least two hours ahead. If two appointments are missed without cancellation, you

will be charged a fee. If three appointments are missed, you and your family will be dismissed from the practice for non-compliance. Any appointment missed on a Saturday will be charged a fee.

- 13. Your insurance is a contract between you, your employer, and the insurance company. We are not a party to that contract. It is very important that you understand the provisions in your policy. We cannot guarantee payment of all claims. If your insurance company pays only a portion of the bill or rejects your claim, this becomes your financial obligation.
- 14. All Saturday appointments, emergent walk-in appointments, and acute appointments scheduled after hours (5:00pm or later) will be subject to an additional fee.

Remember, whether you do or do not have insurance, you are ultimately financially responsible for payment of your charges. If you have any questions regarding our financial policy, please contact our billing department at 330-494-7099.

I have read and have a full understanding of the financial policy of Family Physicians, Inc.

NOTICE OF PRIVACY PRACTICES

As Required by the Privacy Regulations Created as a Result of the Health Insurance Portability and Accountability Act of 1996 (HIPAA)

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU (AS A PATIENT OF THIS PRACTICE) MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO YOUR INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION.

PLEASE REVIEW THIS NOTICE CAREFULLY.

A. OUR COMMITMENT TO YOUR PRIVACY

Our practice is dedicated to maintaining the privacy of your individually identifiable health information (IIHI). In conducting our business, we will create records regarding you and the treatment and services we provide to you. We are required by law to maintain the confidentiality of health information that identifies you. We also are required by law to provide you with this notice of our legal duties and the privacy practices that we maintain in our practice concerning your IIHI. By federal and state law, we must follow the terms of the notice of privacy practices that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

- How we may use and disclose your IIHI
- Your privacy rights in your IIHI
- Our obligations concerning the use and disclosure of your IIHI

The terms of this notice apply to all records containing your IIHI that are created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. Any revision or amendment to this notice will be effective for all of your records that our practice has created or maintained in the past, and for any of your records that we may create or maintain in the future. Our practice will post a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

B. IF YOU HAVE QUESTIONS ABOUT THIS NOTICE, PLEASE CONTACT:

Priscilla Kulenics, Privacy Officer, Family Physicians, Inc. 4860 Frank Ave NW, North Canton, OH 44720, 330-494-7099

C. WE MAY USE AND DISCLOSE YOUR INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION (IIHI) IN THE FOLLOWING WAYS

The following categories describe the different ways in which we may use and disclose your IIHI.

1. Treatment. Our practice may use your IIHI to treat you. For example, we may ask you to have laboratory tests (such as blood or urine tests), and we may use the results to help us reach a diagnosis. We might use your IIHI in order to write a prescription for you, or we might disclose your IIHI to a pharmacy when we order a prescription for you. Many of the people who work for our practice – including, but not limited to, our doctors and nurses – may use or disclose your IIHI in order to treat you or to assist others in your treatment, including but not limited to specialists and other medical facilities. Additionally, we may disclose your IIHI to others who may assist in your care, such as your spouse, children or parents.

2. Payment. Our practice may use and disclose your IIHI in order to bill and collect payment for the services and items you may receive from us. For example, we may contact your health insurer to certify that you are eligible for benefits (and for what range of benefits), and we may provide your insurer with details regarding your treatment to determine if your insurer will cover, or pay for, your treatment. We also may use and disclose your IIHI to obtain payment from third parties that may be responsible for such costs, such as family members. Also, we may use your IIHI to bill you directly for services and items.

3. Health Care Operations. Our practice may use and disclose your IIHI to operate our business. As examples of the ways in which we may use and disclose your information for our operations, our practice may use your IIHI to evaluate the quality of care you received from us, or to conduct cost-management and business planning activities for our practice.

4. Appointment Reminders. Our practice may use and disclose your IIHI to contact you and remind you of an appointment.

5. Treatment Options. Our practice may use and disclose your IIHI to inform you of potential treatment options or alternatives.

6. Health-Related Benefits and Services. Our practice may use and disclose your IIHI to inform you of health-related benefits or services that may be of interest to you.

7. Release of Information to Family/Friends. Our practice may release your IIHI to a friend or family member that is involved in your care, or who assists in taking care of you. For example, a parent or guardian may ask that a babysitter take their child to the office to treat a cold. In this example, the babysitter may have access to this child's medical information.

8. Disclosures Required By Law. Our practice will use and disclose your IIHI when we are required to do so by federal, state or local law.

9. Health Information Exchanges. Our practice participates in one or more Health Information Exchanges. Our healthcare providers can use this electronic network to securely provide access to your healthcare records in regards to your health needs. We, and other healthcare providers, may allow access to your health information through the Health Information Exchange for treatment, payment or other healthcare operations. This is a voluntary agreement. You may opt-out by notifying the Privacy Officer or the Office Administrator.

D. USE AND DISCLOSURE OF YOUR IIHI IN CERTAIN SPECIAL CIRCUMSTANCES

The following categories describe unique scenarios in which we may use or disclose your identifiable health information:

- notifying your employer under limited circumstances related primarily to workplace injury or illness or medical surveillance

2. Health Oversight Activities. Our practice may disclose your IIHI to a health oversight agency for activities authorized by law. only if we have made an effort to inform you of the request or to obtain an order protecting the information the party has requested.

8. National Security. Our practice may disclose your IIHI to federal officials for intelligence and national security activities authorized by law. We also may disclose your IIHI to federal officials in order to protect the President, other officials or foreign heads of state, or to conduct investigations.

9. Inmates. Our practice may disclose your IIHI to correctional institutions or law enforcement officials if you are an inmate or under the custody of a law enforcement official. Disclosure for these purposes would be necessary: (a) for the institution to provide health care services to you, (b) for the safety and security of the institution, and/or (c) to protect your health and safety or the health and safety of other individuals.

10. Workers' Compensation. Our practice may release your IIHI for workers' compensation and similar programs.

E. YOUR RIGHTS REGARDING YOUR IIHI

You have the following rights regarding the IIHI that we maintain about you:

1. Confidential Communications. You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to **Priscilla Kulenics, Privacy Officer, 330-494-7099 ext161** specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate **reasonable** requests. You do not need to give a reason for your request.

2. Requesting Restrictions. You have the right to request a restriction in our use or disclosure of your IIHI for treatment, payment or health care operations. You may restrict certain disclosures of PHI to a health plan or insurance company, for purposes of payment or health care operations, if you have paid in full for a service. Additionally, you have the right to request that we restrict our disclosure of your IIHI to only certain individuals involved in your care or the payment for your care, such as family members and friends. **We are not required to agree to your request;** however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies, or when the information is necessary to treat you. In order to request a restriction in our use or disclosure of your IIHI, you must make your request in writing to **Priscilla Kulenics, Privacy Officer, 330-494-7099 ext161**. Your request must describe in a clear and concise fashion:

- (a) the information you wish restricted;
- (b) whether you are requesting to limit our practice's use, disclosure or both; and
- (c) to whom you want the limits to apply.

3. Inspection and Copies. You have the right to inspect and obtain a paper or electronic copy of the IIHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. You must submit your request in writing to **Priscilla Kulenics, Privacy Officer, 330-494-7099 ext161** in order to inspect and/or obtain a copy of your IIHI. Our practice may charge a fee for the costs of copying, mailing, labor and supplies associated with your request. Our practice may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. Another licensed health care professional chosen by us will conduct reviews.

4. Amendment. You may ask us to amend your health information if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by or for our practice. To request an amendment, your request must be made in writing and submitted to **Priscilla Kulenics, Privacy Officer, 330-494-7099 ext161**. You must provide us with a reason that supports your request for amendment. Our practice will deny your request if you fail to submit your request (and the reason supporting your request) in writing. Also, we may deny your request if you ask us to amend information that is in our opinion: (a) accurate and complete; (b) not part of the IIHI kept by or for the practice; (c) not part of the IIHI which you would be permitted to inspect and copy; or (d) not created by our practice, unless the individual or entity that created the information is not available to amend the information.

5. Accounting of Disclosures. All of our patients have the right to request an "accounting of disclosures." An "accounting of disclosures" is a list of certain non-routine disclosures our practice has made of your IIHI for non-treatment or operations purposes. Use of your IIHI as part of the routine patient care in our practice is not required to be documented. For example, the doctor sharing information with the nurse; or the billing department using your information to file your insurance claim. In order to obtain an accounting of disclosures, you must submit your request in writing to **Priscilla Kulenics, Privacy Officer, 330-494-7099 ext161**. All requests for an "accounting of disclosures" must state a time period, which may not be longer than three (3) years from the date of disclosure and may not include dates before April 14, 2003. Medicare Shared Savings Program Accountable Care Organizations

_____ participating in _____ Family Physicians, Inc
_____, an Accountable Care _____ Aledade
Accountable Care 92, LLC Organization (ACO). An ACO is a group of doctors, hospitals, and/or other health care providers that work together to improve the quality and experience of care you receive. ACOs receive a portion of any savings that result from reducing costs and meeting quality requirements.

- ▶ Medicare evaluates how well each ACO meets these goals every year. Those ACOs that do a good job can earn a financial bonus. ACOs that earn a bonus may use the payment to invest more in your care or share a portion directly with your providers. ACOs may owe a penalty if their care increases costs.
- ▶ _____ participation in _____ doesn't limit your choice
Family Physicians, Inc Aledade Accountable Care 92, LLC
of health care providers. Your Medicare benefits are not changing. You still have the right to visit any doctor, hospital, or other provider that accepts Medicare at any time, just like you do now.
- ▶ To help us coordinate your health care better, Medicare shares information about your care with your providers. If you don't want Medicare to share your health care information, call 1-800-MEDICARE (1-800-633-4227).

How do ACOs work?

- ▶ An ACO **isn't** a Medicare Advantage plan which is an "all in one" alternative to Original Medicare, offered by private companies approved by Medicare. An ACO **isn't** an HMO plan, or an insurance plan of any kind. Important!
- ▶ ACOs have agreements with Medicare to be financially accountable for the quality, cost, and experience of care you receive.
- ▶ Coordinated care can avoid wasted time and costs for repeated tests and unneeded appointments. It may make it easier to spot potential problems before they become more serious – like drug interactions that can happen if one doctor isn't aware of what another has prescribed.
- ▶ ACOs may use electronic health records, case managers, and electronic prescriptions to help you stay healthy. Some ACOs have special programs to encourage you to have a primary care visit or use their care management team. Participation in these programs is optional.

What information will be shared about me?

- ▶ Medicare shares information about your care with your health care providers; like dates and times you visited a health care provider, your medical conditions, and a list of past and current prescriptions. This information helps _____ track the care and tests
Family Physicians, Inc that you've already had.
- ▶ Sharing your data helps make sure all the providers involved in your care have access to your health information when and where they need it.
- ▶ **We value your privacy.** ACOs must put important safeguards in place to make sure all your health care information is safe. We respect your choice on how your health care information is used for care coordination and quality improvement. If you want Medicare to share your health care information with _____ or other ACOs in which your health
Aledade Accountable Care 92, LLC care providers participate, there's nothing more you need to do.

- ▶ If you **don't** want Medicare to share your health care information, **call 1-800-MEDICARE** (1-800-633-4227). Tell the representative that your health care provider is part of an ACO and you don't want Medicare to share your health care information. TTY users should call 1-877-486-2048. ▶ If you change your mind and want to let Medicare share your health information again, call 1-800-MEDICARE to let Medicare know. We aren't allowed to tell Medicare for you.
- ▶ Even if you decline to share your health care information, Medicare will still use your information for some purposes, like assessing the financial and quality of care performance of the health care providers participating in ACOs. Also, Medicare may share some of your health care information with ACOs when measuring the quality of care given by health care providers participating in those ACOs.

? How can I make the most of getting care from an ACO?

- ▶ Ask your clinician if they have a secure online portal that gives you 24-hour access to your personal health information, including lab results and provider recommendations. This will help you make informed decisions about your health care, track your treatment, and monitor your health outcomes. ▶ As a Medicare beneficiary, you can choose or change your primary clinician or "main doctor" at any time. Your primary clinician is the health care provider that you believe is responsible for coordinating your overall care. If you choose a primary clinician, that clinician may have more tools or services to help with your care. For step-by-step instructions on how to select or change a primary clinician, or to learn more, see the [Voluntary Alignment Beneficiary Fact Sheet](#).

? What if I have concerns about being part of an ACO?

- ▶ If you have concerns about the quality of care or other services you receive from your ACO or provider, you can contact your Medicare Beneficiary Ombudsman who can assist you with Medicare-related questions, concerns, and challenges. The Medicare Beneficiary Ombudsman works closely with the Medicare program, including [Medicare.gov](#), 1-800-MEDICARE, and State Health Insurance Assistance Programs (SHIPs), to help make sure information and assistance are available for you. Visit [Medicare.gov](#) for information on how the [Medicare Beneficiary Ombudsman](#) can help you.
- ▶ If you suspect Medicare fraud or abuse from your ACO or any Medicare provider, we encourage you to make a report by contacting the HHS Office of Inspector General (1-800-HHS-TIPS) or your local [Senior Medicare Patrol \(SMP\)](#).
